

TWRFC u12 Girls session plan 6th September 2026

Session Objectives	1st Sunday session of the season, meet some new faces, get back into rugby! 3 things to focus them on: 1) Refresh CORE SKILLS - passing & tackling 2) Introduce GET MAD - think - "where am I on the pitch? where are my team mates? am I too close, too far? are we attacking or defending? should we be flat defence or steep attack". Make A Decision. 3) ACCELERATE into tackle/breakdown/contact

Tackle Triangles

- In groups of 3 (one to observe) both players start on middle (yellow) cones
- Defender calls Red or Green to show the Attacker which side to run
- Defenders must aim to tackle the attacker on the thighs and take them to ground

Focus on low tackle, thighs are the prize
Trigger words to use: Burst the bubble, Cheek to cheek, Fire the arms

Variations:

- Encourage the defender to advance
- Observer can become a support player to practice pick & go, SH pass, or jackal

Trigger Words

Defensive Wall: get back the required 7 metres to be onside at restarts, 2m during play; line up facing an attacking player and point to the player they are defending

Ready, Ready, Press: whole team move up together in defence

Support: attacking player to run a support line for the ball carrier

Big Pitch: keep the width

Back foot: defensive team needs to be 2 metres behind the back foot of the "tackle"

Forward: run forward - don't run sideways and steal the space

Ruck: decision making - RUCK OVER / PICK & GO / PLAY NINE / SUPPORT WIDE
